CORONER ORDERS TWO MEN HELL

In De Groot Murder Case-Frank Thompson and William Payne are Locked Up in County Jail at New London-Detained on Coroner's Order, But No Charge Against Them-State Offers Reward.

After being in New London on Wednesday and all day Thursday conducting an investigation in the case of the murder last Thursday night of Seasan William de Groot of the coast guard service, Coroner Franklin H. Brown directed that William R. Payne .

Brown directed that William R. Payne and Frank Thompson, both negroes, be held in the county juli at New Lon-

The men are not charged with any prime, but are held on the coroner's in a matter of this kind.

Coroner Brown was busy Wednesday night investigating circumstances connected with this pursiing tragedy. Officer Charles P. Hammond, assigned to the case by Capt. George Haven of the New London department, after a thorough investigation brought payne to police headquarters early Wednesday afternoon and soon afterwards brought Thompson there. The coroner's visit was the result of these two men being taken into custody.

Coroner Brown visited the Coast Guard school at Fort Trumbull, where the training ship Itasea, on which de Groot was a seaman, is tied up. There he questioned Seaman Snyder, who was de Groot's companion early on the evening of the murder. Snyder could throw no light upon the circumstances surrounding the crime. He left de Groot at 9 o'clock and went to bed in a rooming house on Bank street. He knows nothing of where de Groot went between 9 o'clock and the hour of the tragedy, which was about three hours later. brought before the coroner, who grill-

Attended Informal Meeting. Connecticut State Bar Association held its annual summer meeting at the Griswold hotel at Eastern Point. About 60 members from all over the state attended. Following the usual custom, the meeting, which is more in the nature of an outing, was strictly informal. Luncheon was served at 2 o'clock.

Let the governors of remote states see for themselves under what handicaps our railroads, our mills, all our industries have worked in recent years, under what government hostility, and then see what our great armies of wage earners have done in

There were no speakers and no set program. After the luncheon the time was spent in socialbility and in renewing acquaintances. President Chas. This is in line with a movement started by the Norwich Chamber of Commerce to construct a 21-foot bouleval ward into Norwich from Trading Cove.

specially available for automobile and other traffic coming from or going to New London.

To construct the new road, putting it in a boulevard condition, one that will entice automobile owners and others, will cost approximately \$3,000, and make an excellent entrance into and exit from the city on the south. The distance to New London will thus be increased but alightly and the improvement in the road condition will offset the increased length of distance.

It is claimed that the road can be made without any extra appropriatin, as the town has appropriated sufficient money for highway development to allow for this road construction. All that is necessary, one authority says. It is to invest the selectmen with authority to expend the money, they being tied down to expenses under \$500. Anything over that amount calls for action on the part of the evoters of the town. The selectmen can expend anything up to \$560 on a given piece of road, but more than that calls for authority on the part of the evoters of the town of the part of the voters. There is little doubt that a meeting will be called for action on the matter of the petition, within a short time and that the selectmen will be given the desired authority.

It is understood that the selectmen of the town of Montville are willing to put their end in shape that will correspond with the Norwick section. Lee & Osgood, the popular druggista, have been in the drug business long enough to have their own opinion of the best way of selling medicines. They say the plan adopted by Misona, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Misona is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Lee & Osgood and if, after you have used the box of Misona you decide that it has done you no good, all you have to do is to tell them so and they will return your money. Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Misona, and its continued use will soon give the power to ent anything at any time and not suffer distress afterward.

Misona is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attending evfis. Use Misona and see how much more there is in life.
